REETHI RAH

Maldives

ACTIVITIES

AT ONE&ONLY REETHI RAH, THE ISLAND IS BUZZING WITH LIFE AND ENERGY, WITH DOZENS OF ACTIVITIES TO CHOOSE FROM EVERY DAY – FROM EXPLORING THE WONDER OF THE INDIAN OCEAN TO LEARNING ART AND PLAYING SPORTS.

North Malé Atoll is alive with possibilities for those who wish to explore a little further afield. Exclusive day-trips off the island include sailing aboard a catamaran, luxury cruising aboard a privately chartered yacht, private island picnics, seaplane flights or big game fishing. Alternatively, explore the underwater world with our whale shark adventure, shark safari, turtle snorkelling or seasonal manta ray watching.

DIVING & SNORKELLING

Whether you would like to explore the island with your snorkelling equipment or take off for a private day trip, our Dive Centre team members are on site to assist.

DIVING

The Dive Centre at One&Only Reethi Rah offers guided diving and introductory courses to Maldives visitors. It is certified as a PADI Gold Palm Resort Dive Centre and a 100% Project Aware member, one of the few in Maldives.

The team consists of professional PADI Instructors, who are all equally passionate divers and dive teachers. Courses are taught from basic scuba demonstrations for the completely uninitiated up to professional level dive master in many languages including English, German, French, Italian, Japanese, Spanish, Portuguese, Russian, and Swedish.

SNORKELLING EQUIPMENT

Snorkelling is great fun, easy to learn and an ideal way to build up confidence in the water. It is accessible to anyone and is an enjoyable way to get the whole family involved. Discover the underwater world with a set of snorkelling equipment, life vest or an underwater camera that are available at the Dive Centre.

DIVING COURSES

Have you always wondered what it's like to discover the marine life? As a PADI Gold Palm Resort Diving Centre, we can take you from absolute beginner to Dive Master level. The adventure of learning to dive as well as exploring on the reef is quite unique.

- Bubblemaker (for children of ages 8 – 9)
- Discover Scuba Diving (for ages 10 and above; one day scuba introduction programme)
- Scuba Diver/Open Water Diver Course (from ages 10 and above; entry level scuba courses with certification)

Less time consuming self-studying is done with full range of up to date electronic and standard teaching materials, as well as a friendly and helpful crew of motivated, professional team members who are able to teach in a variety of languages.

A medical check is not absolutely necessary, but should be considered if you have any medical conditions that may influence your ability to participate in any PADI Course or programme.

OPEN DAILY 8.30AM TO 7PM

THEMED DIVES

Our Dive Centre team's recommended diving experiences.

SHARK DIVE

Voshimas, a small thila (reef) located in Madiveru kandu (channel) at south of One&Only Reethi Rah, is one of our two best shark points. The thila has some coral rocks on top with a stunning fish life and the sharks are always on the thila's current side. Alternatively, Kuda Faru, located north of Only&Only Reethi Rah, offers one of the highlights in North Malé Atoll. The thila extends into Makunudu kandu for some distance on the southern side. The west side drop off is the best for shark watching.

Every Monday and Thursday. 9am to 12.30pm

TURTLE DIVE

West Point is located north of One&Only Reethi Rah, deep in a channel. The reef is long and therefore a good place for a drift dive. It is an extension of Makunudu's house reef. The top of the reef is only 3 metres under the surface and it slopes gently down to more than 30. On different depth and along the site are some reef ridges and coral rocks. The corals and fish life make this reef a beautiful dive site, but it is also our best dive site for seeing Hawksbill sea turtles.

Every Tuesday, 2.30pm to 4.30pm

STING RAY DIVE

Madivaru Beyru and Madiga are two sites on the outer rim of the atoll. The top of the reef starts at 8 to 10 metres and slopes down to 20-30, down to a sand bottom. Along the reef slope and on the sand lays a number of small to big coral blocks hosting a rich fish life. These sites are considered some of the best areas in Maldives for to see sting rays and groups of eagle rays. It is also great for underwater photography since there is none or very little current here.

Every Friday. 9am to 12.30pm

WRECK DIVE

The wreck is a former tugboat, sunk by the dive school in 1988 at the house reef of Hembadu, southeast of One&Only Reethi Rah. It is close to the reef so the navigation to and from the wreck is rather easy. It is 16 metres long with the top at 15 metres and the bottom at 22 metres. The boat is a focal point for marine life and is a fish-watchers' delight. On the wreck's portside from 18 metres to the surface are big coral rocks. This is also a perfect place for a night dive.

Every Saturday. 2.30pm to 4.30pm
