ABOUT ANGSANA VELAVARU

Angsana Velavaru is renowned for its myriad of beach activities as well as groundbreaking initiatives focused on giving back to the community. These programmes are organised by Angsana Velavaru's Marine Conservation Lab where guests may participate in unique experiences including coral planting to replenish damaged reefs and snorkelling trips to learn about the abundant marine ecosystem and coral gardens found in and around the lagoon.

Guests looking for an adrenaline rush can choose from a wide range of motorised and non-motorised sports. With more than 100 activities available to bring out the intrepid explorer in you, you are likely to be busy enjoying yourself so much that a return trip is inevitable. With its proximity to more than 30 vibrant dive sites, Angsana Velavaru is the ideal location for novice to experienced divers. Certified instructors at the PADI Gold Palm 5-Star dive centre offer an ensemble of courses and excursions to explore the pristine waters of South Nilandhe Atoll. Divers can choose to get up close and personal with white tip reef sharks, eagle rays, turtles and whale sharks, among other exotic species.

Couples looking to tie the knot at Angsana Velavaru can choose from five different wedding themes that showcase the natural beauty of the destination. Saying "I Do" has never been more romantic or unforgettable with various venues available: at sunset on the beach, on a nearby uninhabited island, at the beach pavilion that carries the shape of the traditional Maldivian Dhoni boat, under the full moon, and even underwater.

Angsana Velavaru's Kids Club offers child-friendly activities such as Easter egg hunts, craft workshops, Olympic-themed games, and more. Diving lessons, supervised by certified instructors, take place in the lagoon and are a great way to help kids experience their first underwater breath.

Angsana Spa's revitalising treatments place special emphasis on the use of natural elements such as native flowers and fruits. Therapies are based on the use of aromatherapy, therapeutic touch and a fusion of techniques from East and West to revive and nourish.

Those guests looking for a truly unique experience can escape to the resort's own 'Castaway Island' for a night – complete with their own personal chef and Robinson Crusoe-style authentic Maldivian dwelling.
