NIGHT SNORKEL WITH WHALE SHARKS

Take the chance to get up close with whale sharks – the largest fish in the sea. You can watch them from the deck of a boat, or for the more adventurous, join them under the waves.

Once signed up, we will call you when there has been a whale shark sighting – anytime between 7.00pm and 11.00pm – and our boat will whisk you 20 minutes north. The Maldives' clear waters allow for an aquarium-like view of these gentle giants. The whale sharks usually ignore snorkellers while feeding, allowing you the time to admire them as they swim majestically and slowly around you.

Snorkelling with the whale sharks is priced at US\$250 per person. Observing them from the boat costs US\$150 per person. The excursion takes around two hours, and is only available from the start of November until the end of April.

We provide towels, snorkelling gear, wetsuits and drinking water. Please bring your swimwear, and a camera if you wish to take photos (you can also rent underwater cameras from the Marine Sports Centre).

.....

For more information or to book, please contact the Marine Sports Centre.

Please note: This activity is dependent on the whale shark's behaviour; we cannot guarantee they will appear, but if you are unable to see a whale shark you will not be charged. Prices are subject to 10 per cent service charge and prevailing government taxes. We take a maximum of six people snorkelling and six people observing on any trip. The minimum age of observers is six years old; to snorkel, you must be over 12 years old.
