Hotel Profile

## About Warere Beach

The Warere Beach is nestled on a secluded strip of beach, east of Nungwi, one of the most popular beaches in Zanzibar. Nungwi is known for its crystal blue water, phenomenal sandy beaches, snorkeling, and great nightlife. While most hotels in Nungwi are crowded into Nungwi Village, Warere Beach is located in a quiet, isolated stretch of beach that allows for privacy and pure relaxation, yet easy access to all the action Nungwi has to offer whenever you need a little excitement.

The view from our stretch of beach is breathtaking, and we designed our hotel around this spectacular view. Each of our individual bungalows and rooms has views to the beach. Our three special beach front rooms are literally on the high tide mark.

Our tropical garden is well established and we have put a lot of care into maintaining native plants and trees. No trees were cut down during construction of the hotel.

## Beach

Our beach is very tidal, during high tide you can swim directly from the hotel steps, while at low tide you can walk along the beach for miles.

About 15 minutes walk to the east is a wonderful sandbank where you can relax and swim until the tide starts coming in again. During low tide you can also walk directly to the turtle aquarium and Nungwi village along the beach.

A tide table is available at reception so you can time your walks and ensure you return before high tide.

## Room Types

We have a total of 15 rooms, making the Warere Beach a small, intimate hotel. All our double rooms have private ocean view balconies and sliding mosquito netted doors so you can allow the sea breeze to ventilate your room.

Our bungalows are very private, while our upstairs rooms in the main building enjoy a spectacular view over the hotel and beach. Extra beds for adults or children can be arranged on request in all double rooms at an additional cost.

Baby cots are available free of charge.

**3** Ocean Front Bungalows - 2 of these are adjoining, ideal for families and friends. These rooms are right at the ocean front and you can hear the waves crashing below you.

**7** Ocean View Bungalows - twin or double rooms can be arranged.

**3** Ocean View Rooms on the first floor of our main building

**1** Ocean View Suite on the first floor of our main building, can accommodate up to four adults - The suite is adjoining with an upstairs double room, making it perfect for a large family or group of friends.

**1** Garden view single, a small cosy room for single travellers on a budget

## *Environmental & Socially Responsible*

All but two of our employees are Tanzanians with over half our staff being local Zanzibaris. We employ many women from the local village. We offer our staff free language courses as well as hotel related training programmes. The hotel was built entirely by local craftsmen, and during the construction

phase we employed over 50 local women on site. Our furniture was all made in Zanzibar by a master carpenter. All our windows and doors are also locally made. We strive to keep our supplies as local as possible and shop in the local markets.

In terms of environmental responsibility we have a water recycling system, to reduce our consumption of fresh water. Our waste is responsibly disposed of by the zanrec.com, who recycle up to 95% of incoming waste. Our guest amenities are provided in refillable

bottles to reduce waste. In terms of energy consumption we only use energy saving lightbulbs throughout the hotel and our key card system automatically switches off the AC and water boilers when guests leave the room.
