

PULLMAN MALDIVES MAAMUTAA

Flirt with the waves, sail through pristine turquoise waters and explore the seascape with dolphins while you get sun-kissed in the most beautiful island of The Maldives. Come, fall in love with Pullman Maamutaa, because *seaing* is believing.

YOUR PLAYGROUND

Nestled amidst tall coconut palms and plethora of flora, Your Playground is located in the Gaafu Alifu Atoll, one of the most pristine atolls in the South of Maldives. Offering a scenic vantage point from all directions, the water is 2 - 3 degrees lower than the rest of the Maldives, attracting more marine life and thus allowing you a view that'll remain as a rhapsodic memory forever.

Spread across 19 hectares, the resort welcomes to you its thick mangroves and natural lake, perfectly stitching the 4 elements needed in a tropical island - Sun, Sand, Sea and Shade.

Rejoice your holiday with an experience that offers a Transcendent All Inclusive package, combined with immersive art and design experience. Enjoy a holistic integrated approach to wellbeing while you unwind and destress with everything pristine and natural around you.
