RENDER OF THE NEW SPACE

ZEN GARDEN

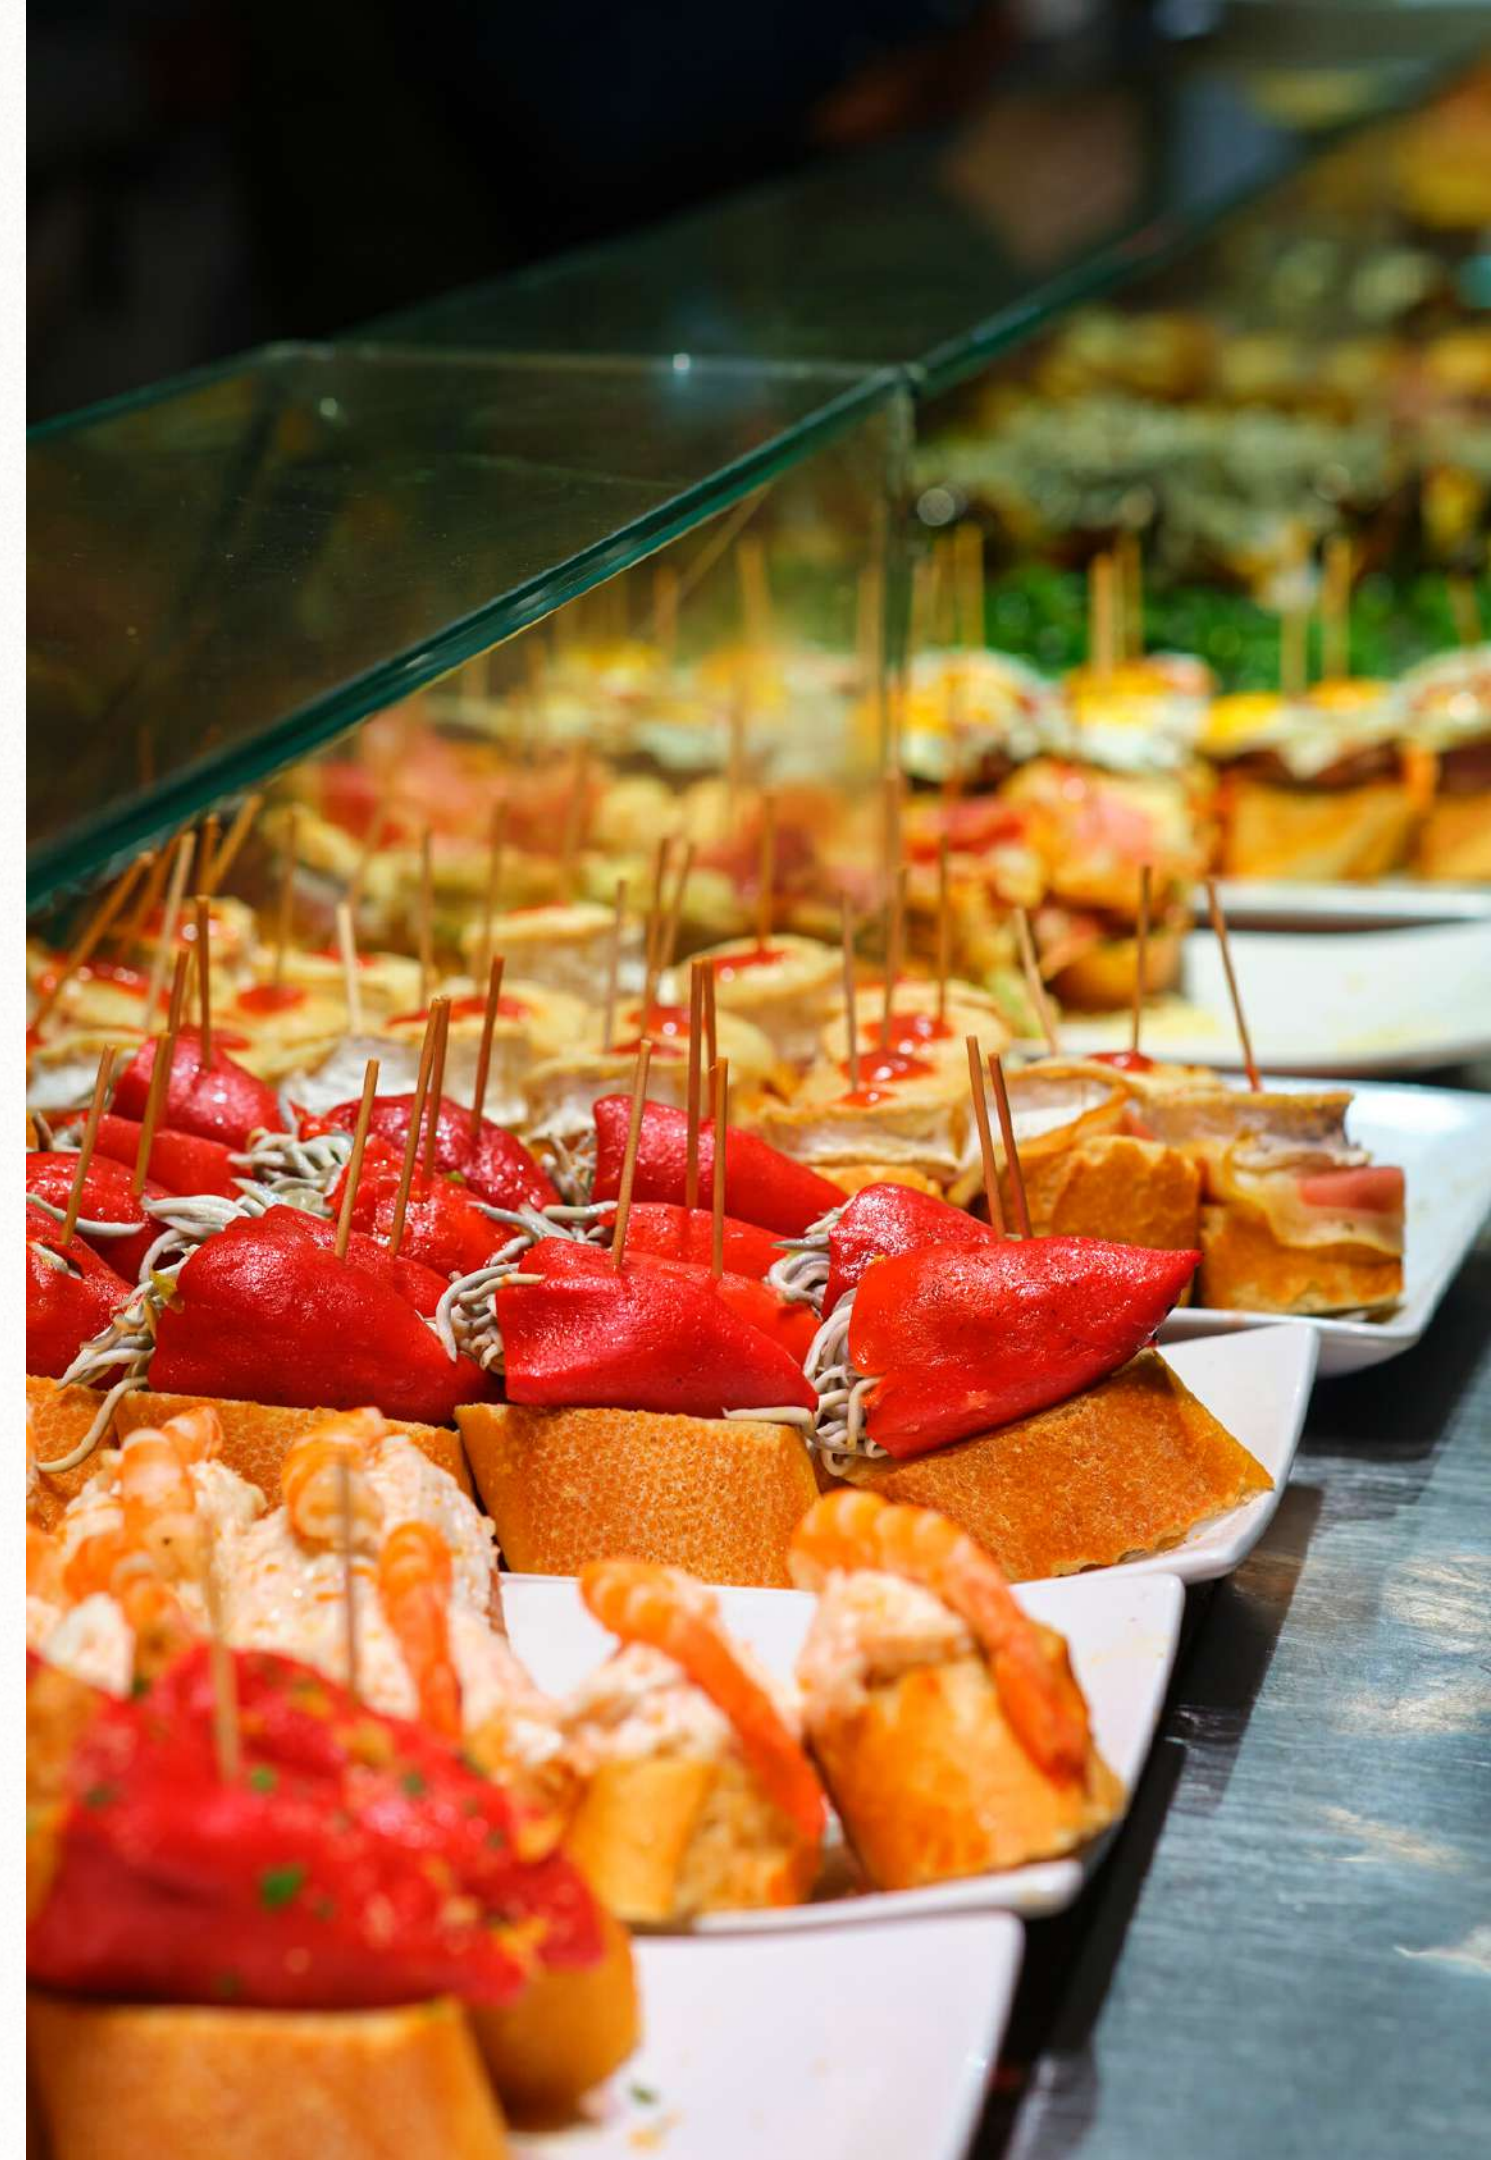

Our Zen Garden is also being renovated to accommodate the KALMA Spa & Wellness Center building, and becomes a more interactive space, since in addition to the **relaxation area with sun loungers, tables and chairs with bar service**, ideal to enjoy before or after a Spa session, **we also open our restaurant to the garden**, incorporating an open-air space to taste our gastronomy while enjoying nature.

GASTRONOMY

We also incorporated a new kitchen attached to our **Bistro bar-lounge** to offer you a new meals and snack service that you can enjoy on the pool terrace.

And to round off our gastronomic offer, we introduce the ***Txikipintxo***, a space open to hotel guests and the public facing Malgrat de Mar's promenade, with a bar of delicious *pinchos* and *tapas*, inspired in the format of the typical Basque taverns, bringing you the best local products for you to enjoy the Mediterranean flavor.
