# COVID – 19 PROTOCOLS:

At Reef Oasis Hotels & Resorts we are committed to ensuring the safety and wellbeing of all our guests and staff.

We are proud that our commitment has been acknowledged the local authorities and by trusted public & private health sector authorities by achieving COVID-19 Response certification from SGS.

We have implemented a new set of Hygiene, Health & Safety Procedures, to protect the safety of our guests and staff in all our hotels. These procedures are strictly adhered to with a team of managers ensuring that they are being implemented and making enhancements where necessary when new updates are received.

For your safety and comfort:

- ❖ Staff have been vaccinated
- ❖ Staff are required to wear masks in public areas
- ❖ Regular temperature checks of all staff
- ❖ Hand Sanitizer is available throughout the resort
- ❖ Please respect social distancing guidelines
- ❖ Temperature checks of all guests at restaurant entrances
- ❖

Due to the new procedures being implemented, some services and amenities may not be available or some services and amenities will be with reduced capacities and modified set-ups in our hotels.

## Health and Hygiene Certification Covid-19 Hygiene Response Reef Oasis Beach Resort

Preverisk criteria for issuing the Covid-19 Hygiene Response Certificate means that:

This establishment has satisfactorily implemented a series of measures addressed to prevent or mitigate the potential spread of Covid-19 illness amongst their guests, staff and visitors.

These measures are based on international recommendations issued by official bodies like the World Health Organisation and other international bodies (HPA, CDC, ELDSNET, etc.), plus National regulations.

These measures have been adapted to the different departments and activities (hotel, excursion, restaurant, etc.)

A risk based approach has been adopted when looking at their operations.

The main procedures to mitigate the potential spread of illness are on the line of:

**Pre-opening tasks have been reviewed, including essential aspects of:**

- Fire safety
- Gas safety
- Food hygiene
- Staff policies
- Water systems, Pool hygiene and safety
- Sewage plant treatment, and wastewater used for irrigating gardens (if applicable)
- Laundry
- Pest control

**Specific Covid-19 measures based on:**

- Social distancing
- Environmental hygiene (cleaning and disinfection)
- Personal hygiene and the utilisation of protective equipment
- Crisis management and confinement procedures for suspected or confirmed cases.

The preventative measures have been validated by means of a Responsible Self Assessment Questionnaire completed by establishment and validated remotely by Preverisk auditors and confirmed by site visits from Preverisk auditors.

Information on the  
procedures applied
