The Noku Dining Experience

We are no longer serving buffet in our main restaurant. Currently we are offering Table d'hote Menu for all the meal period to provide more quality and personalized service to our guest .

Menus are designed more personalized based on our In-House Nationality break up and items in the menu will be variance in each meal periods.

Menus for Breakfast will be creating with the options of Continental, Asian or Arabic. Lunch and Dinner will be Four Course Multicuisine.

We are really flexible in terms of swapping or adding on dishes up on request and no barriers on portions.
