

## THE RESORT

Mwezi resort reminds of an African village. Especially its naturally coloured lime walls take you to another world. The opened designed villas are cooled by the daily ocean breeze and everything is eco-friendly and sustainable built. Following this philosophy the grey water is recycled for gardening and the hot water is heated by solar.

## POOL AND BEACH

The Resort is built directly at the Indian Ocean and has its own 7 km long sandy beach. Apart of that our 360 ° infinity pool is always available for a cooling stroll.

## ROOMS

We offer 12 spacious and breezy villas, all with view to the Indian Ocean, a large veranda and ceiling fans. 3x Pool Bungalow.

## RESTAURANT

The meals are served on our terrace loft restaurant. All seasonal ingredients are bought from local farmers and fishermen or are taken from our own orchard.
