Join us for an unforgettable golfing experience!

The first and only Pickalbatros Golf Resort in the area is located 10 minutes from the International airport and Naama Bay. The central location of the resort at the southern tip of the Sinai Peninsula makes it an ideal point of return from other trips in Egypt, to enjoy a unique game of golf in a dramatic setting of mountains, desert and sea. Our Golf Courts have matured to be one of the best in the world. The Par 72 PGA Championship golf course (6021m) opened in 1997 and has been designed by American architect Sanford & Associates. It features Paspalum grass, 18 lakes, which attract a variety of exotic birds, over 35 different species list, of which 9 belong to the endangered species list. 1250 Trees have been planted such as Washingtonia palm trees, Jerusalem thorns, date palms, California fan palms, Hong Kong Orchids and Flames of the Forest.
