

THE NAUTILUS

BEACH & OCEAN HOUSES
MALDIVES

*Freedom from the bounds of time,
freedom from expectations. Freedom to
just be – the greatest luxury of all.*

A WORLD OF YOUR OWN MAKING

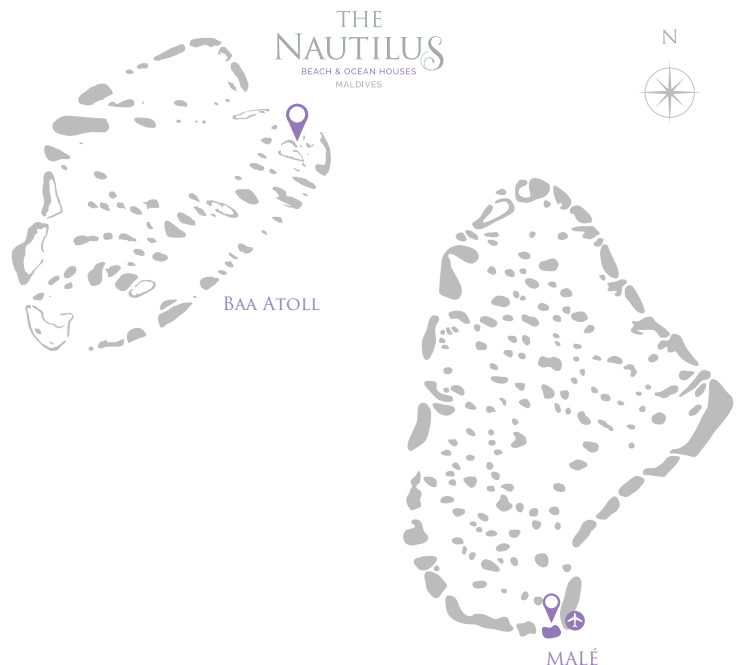

Your bohemian hideaway in the Maldives, The Nautilus is a highly personalised, immensely private resort of 26 beach and ocean houses. A refuge beyond the bounds of time and expectations, where every moment is tailored to you. A celebration of the individual spirit, The Nautilus gives you space – to share, to meet, to be yourself and to shape your own personal journey. And, most of all, to celebrate the people you're with, in any way you choose. Opening in January 2019.

INSPIRATION

Inspired by the enduring form of the nautilus shell, each house and residence at The Nautilus is a distinct and sophisticated escape. Curved lines and spiralled elements echo throughout each space. Our philosophy, too, reiterates the timelessness and longevity of this icon of the deep.

LOCATION

Immersed in the raw beauty of Baa Atoll, in the middle of the UNESCO World Biosphere Reserve, The Nautilus is merely 30 minutes from Velana International Airport, Malé, by sea plane. Or board a 15-minute domestic flight from Malé to Dharavandhoo Domestic Airport, then take a 15-minute speedboat to our shores.

BEACH AND OCEAN HOUSES

The Nautilus offers 26 ultra-private beach and overwater houses, each a world unto itself with a spacious master bedroom, separate living room, wide sundeck and private pool. Steps from azure seas, these bohemian, suite-style sanctuaries each come with private butler service. Whole-island bookings offer the ultimate in exclusivity.
